He joined the Hong Kong Physiotherapists' Union since 1994 and to be an executive member in 2014 with a wish to unify professional power to face the future challenges striking against health care systems of HK

Name: Ms. YUEN Lily

Work sector: Self-employed

I rejoined PU after my early retirement from an NGO in paediatric setting. As the Professional Development Officer from 2018-2020, I have organized several trainings for our members. I met many colleagues in those trainings and I was moved by their strive of continuous learning. This also made me see the value of PU in serving the profession especially after a long pause by COVID-19. So, I hope I can continue contributing PU in my post-retirement time.
