Dear Mrs Chan,

Reminder on Renewal of Annual Practising Certificate for 2022/2023

I write to seek your assistance in reminding members of your association to renew their practising certificates, which are due for renewal on 1 July each year, if they have not done so yet.

———— You may note that the Government issued a press release (**Appendix I**) on 27 May 2020 that as a token of appreciation to healthcare professionals in the fight against coronavirus disease-2019, the fees payable in respect of statutory registration / enrolment as well as issuance and/or renewal of practising certificates for 13 healthcare professions (including physiotherapists) that take effect during the 3-year concession period from 1 July 2020 to 30 June 2023 will be waived by the
———— Government if certain criteria are met. Relevant subsidiary legislation (**Appendix II**) was published in the Gazette on 29 May 2020 to give effect to the waiver. The
———— Board also issued a letter to all registrants (**Appendix III**) on 29 May 2020, which has already been posted on the “Message to Registrants” section at the Board’s website.

Although the fee for renewing the 2022/23 practising certificate will be waived, I should be grateful if you may remind members of your association that they should submit the **declaration on conviction record on or before 30 June 2022** should they wish to continue to practise beyond this date.

Pursuant to section 16(1) of the Supplementary Medical Professions (SMP) Ordinance, Chapter 359, Laws of Hong Kong, a person registered as a physiotherapist shall not practise the profession in Hong Kong unless he is the holder of a practising certificate which is then in force. Section 10(4) of the SMP Ordinance empowers the Physiotherapists Board to direct the removal from the register of the name of a registrant who –

- (a) requests in writing that his name be removed;
- (b) is deceased;
- (c) being a person required to be the holder of a practising certificate, has practised the profession in Hong Kong for a period exceeding six months without having obtained such a certificate; .
- (d) is not practising his profession in Hong Kong; or
- (e) has not supplied the secretary of the board with an address in Hong Kong at which all notices from the board may be served on him.

You may also wish to take the opportunity to remind members of your association that if they do not apply for renewal of the practising certificate by 31 December 2022, their names will be liable to be removed from the register of physiotherapists.

Any enquiries may be directed to the Secretariat of the Physiotherapists Board with contact details listed below –
