

SEEKING PHYSIOTHERAPISTS WITH EXPERIENCE IN ANTERIOR KNEE PAIN MANAGEMENT

A qualitative interview study designed to explore physiotherapists' views, beliefs, and attitudes towards diagnostic labels for patellofemoral pain.

Eligibility:

- ✓ Be a registered physiotherapist
- ✓ Be currently practicing
- ✓ Have managed at least one patient with knee pain in the past month
- ✓ Be based in Hong Kong and fluent in English or Chinese (Cantonese or Mandarin)
